

## **Nail and Adhesive Requirements**

Panel Size Joist Centres	1800 x 3600		1200 x 3600		900 x 3600		2400 x 1200	
	Nails (number)	C/A (cartridge)	Nails (number)	C/A (cartridge)	Nails (number)	C/A (cartridge)	Nails (number)	C/A (cartridge)
600mm	76	0.8	53	0.6	44	0.5	39	0.5
450mm	96	1.0	67	0.7	56	0.6	X	X
400mm	106	1.1	74	0.8	62	0.6	53	0.6

### **Note:**

#### **Nails**

60mm annular-grooved particleboard flooring nails.

For diaphragm floors add the following for each 3600mm length panel: -

600mm joist centres add 14 nails

450mm joist centres add 18 nails

400mm joist centres add 20 nails

For diaphragm floors add the following for each 2400mm length panel: -

600mm joist centres add 10 nails

450mm joist centres (not divisible by 2400, so not available)

400mm joist centres add 14 nails

Approx. 240 nails per kg

#### **C/A (construction adhesive)**

Based on a 5mm bead to each joist and to the top of each tongue.

Based on 20 lin. m. per 375ml cartridge.
